Dr. Liu  
President Marvin  
Mr. Morrissey

Ms. Platt  
Associate Vice-President Soderberg

VISITORS

Daily Eastern News/Ms. DeVries  
Mr. Hesler  
Dean Laible  
Mr. Lamczyk  
Dr. Merritt

Dean Moore  
Ms. Rinkuns  
Mr. Sanders  
Ms. Ziegler

Vice-President Miller called the Council to order at 3:03 p.m. in the Martinsville room of the Martin Luther King, Jr., University Union.

(1) FY82 Budget

Vice-President Miller referred to the March 3, 1981, memo and budget information sent to Council members from his office and asked if clarification was needed. President Marvin indicated he would develop at a later date a more comprehensive analysis of the implications that the Governor's recommendations would have for Eastern.

(2) Buzzard Education Building/Space

Using an overhead projector, Vice-President Miller reviewed his recommendations on space reallocation in Buzzard Education Building. The following allocations were recommended:

- a) School of Health, Physical Education, and Recreation
  - South Gym
  - Natatorium and adjacent locker rooms
- b) Journalism and Student Publications
  - North Gym and adjacent locker rooms
  - Rooms 100, 101, 102, 104 A (approx. half of present room 104), 126 A, 126 B, and 127
- c) Speech-Communications (office space for 5 mass media faculty)
  - Rooms 103A, 122, and 125
- d) Radio/TV
  - Stage area of Auditorium and area south on west side of corridor
  - Locker rooms adjacent to South Gym
  - Room 132

All parties concerned with the reallocation were then given an opportunity to voice their concerns and/or provide more detail about the space reallocation from their perspective.

Dean Lowell felt that HPER required the use of both gyms for class and recreational purposes.

Dean Laible indicated his positive support of the recommendations in consolidating the media, currently scattered around campus, into one building. Dr. Merritt, Speech-Communications Department chairperson, was asked if the move of the mass media faculty to a facility separate from the rest of the faculty would cause interdepartmental problems. He assured the Council that the advantages far exceeded the disadvantages.

Mr. Hesler, chairperson of the committee named by President Marvin to study the mass media situation on campus, gave a short resumé of the committee's work and its recommendations. He related these recommendations to the various areas in BEB proposed for Radio/TV.

Vice-President Rives reviewed the consolidated package and indicated his approval of the recommendations. He assured the Council that, although everyone didn't get everything they originally wanted, joint compromises assured that the majority of the people involved would be satisfied if the recommendations were approved by the Council and President Marvin.

Vice-President Miller asked for questions from the Council, and a discussion followed. When no further objections were indicated, a consensus was reached in support of the recommendations.

### (3) Coal Conversion

Vice-President Miller distributed a memo to the Council members highlighting the major points of the coal conversion project to date. A discussion followed.

### (4) FY83 Academic NEIPRs

Vice-President Rives distributed copies of the cover letter and two NEIPRs sent to Dr. Pringle at the Board of Governors and indicated that they would be discussed in more detail at a later meeting after the Council had had a chance to read the documents.

The meeting was adjourned at 4:50 p.m.

Members will be notified of the date of the next meeting.

Barbara Platt  
Secretary
